Welcome fellow Event Planners and Wedding Consultants. We are excited about the last four successful years of operation. The staff and owner of Lake Fairchild Log Home is even more excited about the future. We are adding grounds improvements, a swing sets for kids, volleyball net for adults, and added picnic tables with attached benches. Also, the new rental chairs and tables now available for our guest.

We are now gearing this property to exclusively handle large groups. See guidelines and fees for large groups. The gradual increases in our new fee will allow time for usage at the lower rates before the increase is fully realized in 2008.
